Recalling the Habitat Agenda,[4] the Declaration on Cities and Other Human Settlements in the New Millennium,[5] the Johannesburg Plan of Implementation and the Monterrey Consensus of the International Conference on Financing for Development,[6]

Expressing its concern about the continuing increase in the number of slum-dwellers in the world, despite the attainment of the Millennium Development Goal target of achieving a significant improvement in the lives of at least 100 million slum-dwellers by 2020,

Taking note of the outcome document of the High-level Plenary Meeting of the General Assembly on the Millennium Development Goals,[7] in particular paragraph 77 (k), by which Heads of State and Government committed themselves to working towards cities without slums, beyond current targets, by reducing slum populations and improving the lives of slum-dwellers, with adequate support of the international community, by prioritizing national urban planning strategies with the participation of all stakeholders, by promoting equal access for people living in slums to public services, including health, education, energy, water and sanitation and adequate shelter, and by promoting sustainable urban and rural development, and encouraging UN-Habitat to continue providing the necessary technical assistance,

Also taking note of resolution 23/9 of 15 April 2011 of the Governing Council of UN-Habitat,[8] by which the Council invited Governments and regional and local authorities to enumerate the slum populations in their countries, regions and urban areas and, on that basis, to set voluntary and realistic national, regional and local targets, to be attained by 2020, with regard to improving significantly the lives of slum-dwellers,

Recognizing the negative impact of environmental degradation, including climate change, desertification and loss of biodiversity, on human settlements,

Welcoming with appreciation the important contribution of UN-Habitat, within its mandate, to more cost-effective transitions between emergency relief, recovery and reconstruction, and also its participation in the Inter-Agency Standing Committee,

Welcoming the progress being made by UN-Habitat in the implementation of its medium-term strategic and institutional plan for the period 2008-2013 and its efforts, as a non-resident agency, in helping programme countries to mainstream the Habitat Agenda into their respective development frameworks,

Also welcoming the offer of the Government of Italy and the city of Naples to host the sixth session of the World Urban Forum from 1 to 7 September 2012,

Recognizing the continuing need for increased and predictable financial contributions to the United Nations Habitat and Human Settlements Foundation to ensure timely, effective and concrete global implementation of the Habitat Agenda, the Declaration on Cities and Other Human Settlements in the New Millennium and the relevant internationally agreed development goals,

Taking note of resolution 23/10 of 15 April 2011 of the Governing Council of UN-Habitat,[8] by which the Council requested the Executive Director to explore as expeditiously as possible and to select, in consultation with the Committee of Permanent Representatives of UN-Habitat, a partnership model with development finance institutions for future lending, guarantee and financial advisory services in the urban upgrading and housing finance sectors, while UN-Habitat would focus on normative and global advocacy work in those areas,

Recalling its resolution 64/207 of 21 December 2009, by which it took note of the recommendation made by the Governing Council of UN-Habitat in its resolution 22/1 of 3 April 2009[9] and, having considered the question of convening, in 2016, a third United Nations conference on housing and sustainable urban development (Habitat III), requested the Secretary-General to prepare a report on that question, in collaboration with the Governing Council, for consideration by the General Assembly at its sixty-sixth session,

Recalling also that, in its resolution 65/165, it requested the Governing Council of UN-Habitat to consider the possibility of integrating into the preparatory process for Habitat III the two themes of "housing finance systems" and "sustainable urbanization", previously suggested as topics for high-level events of the General Assembly,

1. *Takes note* of the reports of the Secretary-General on the coordinated implementation of the Habitat Agenda,[10] on the implementation of the outcome of the United Nations Conference on Human Settlements (Habitat II) and strengthening of the United Nations Human Settlements Programme (UN-Habitat)[11] as well as the report of the Secretary-General on the third United Nations conference on housing and sustainable urban development (Habitat III);[12]

2. *Decides* to convene in 2016, in line with the bi-decennial cycle (1976, 1996 and 2016), a third United Nations conference on housing and sustainable urban development (Habitat III) to reinvigorate the global commitment to sustainable urbanization that should focus on the implementation of a "New Urban Agenda", which should build on the Declaration on Cities and Other Human Settlements in the New Millennium[5] and the relevant internationally agreed development goals, including those contained in the Millennium Declaration[1] and the Johannesburg Declaration on Sustainable Development[13] and Johannesburg Plan of Implementation[3] and other relevant international United Nations conferences, and requests a modalities resolution to be adopted before the end of 2012;

4. *Invites* Governments and regional and local authorities, in accordance with national legislation, to enumerate the population living in slums in their countries, regions and urban areas and, on that basis, to set, with the support of the international community, voluntary and realistic national, regional and local targets, to be attained by 2020, with regard to improving significantly the lives of slum-dwellers, in line with resolution 23/9 of the Governing Council of UN-Habitat,[8] entitled "Global and national strategies and frameworks for improving the lives of slum-dwellers beyond the Millennium Development Goals target";

5. *Invites* the United Nations Human Settlements Programme (UN-Habitat) to provide, in line with its medium-term strategic and institutional plan for the period 2008-2013, or its subsequent strategic plan, technical and advisory assistance to Governments and regional and local authorities wishing to assess their slum population levels and trends, set voluntary national, regional and local 2020 targets, prepare national, regional and local slum prevention and upgrading strategies and plans, formulate and implement slum upgrading and housing programmes and monitor implementation progress, and to report periodically to the Governing Council and the General Assembly;

6. *Welcomes* the progress made by UN-Habitat in the implementation of its medium-term strategic and institutional plan for the period 2008-2013, and takes note of the conclusions of the midterm review of the plan submitted to the Governing Council of UN-Habitat at its twenty-third session;[14]

7. *Urges* UN-Habitat to explore a partnership model with development finance institutions for future lending, guarantee and financial advisory services in line with Governing Council resolution 23/10[8] and to continue to maximize UN-Habitat's comparative advantage around its normative work on urban upgrading, housing and basic services for the poor;

8. *Reiterates* its encouragement to UN-Habitat to continue, within its mandate and in line with the medium-term strategic and institutional plan for the period 2008-2013, its existing cooperation on issues related to cities and climate change and to continue to play a complementary role in matters related to climate change within the United Nations system, in particular in addressing the vulnerability of cities to climate change, including through further normative work and expansion of its technical assistance to towns and cities on local action for the mitigation of urban-based greenhouse gas emissions and adaptation to climate change, with a focus on vulnerable urban populations, slum-dwellers, the urban poor and at-risk populations;

9. *Stresses* the importance of timely action by UN-Habitat in response to natural and human-made disasters, in particular through its work in addressing post-disaster and post-conflict housing and infrastructure needs through its normative and

operational work as part of the continuum from emergency relief to recovery and to urban development through effective urban planning;

10. *Invites* the international donor community and financial institutions to contribute generously to UN-Habitat through increased financial contributions to the United Nations Habitat and Human Settlements Foundation, including the Water and Sanitation Trust Fund and the technical cooperation trust funds, and invites Governments in a position to do so and other stakeholders to provide predictable multi-year funding and increased non-earmarked contributions;

11. *Requests* the Secretary-General to submit to the General Assembly at its sixty-seventh session a report on the implementation of the present resolution;

12. *Decides* to include in the provisional agenda of its sixty-seventh session an item entitled "Implementation of the outcome of the United Nations Conference on Human Settlements (Habitat II) and strengthening of the United Nations Human Settlements Programme (UN-Habitat)", and a sub-item entitled "Progress report on the state of preparations for the third United Nations conference on housing and sustainable urban development (Habitat III)".
